

# AC150 Aspirator Pre-Cleaner

## Concept - Design - Manufacture

- The Perry Aspirator Pre-Cleaner removes dust, chaff, husks, awns and material lighter than grain. The AC150 is commercial specification, with a capacity of 150tph.
- Grain is internally spread over the full width of the chamber and air pulled through the cascading grain to remove the light dust and chaff. The AC150 has three separately adjustable cleaning sections, and a side panel to enable simple adjustment.
- Perry of Oakley Ltd. also manufacture a full range of exhaust ducting and cyclones to collect what is removed.
- All galvanised steel with a weatherproof motor for external and internal installation - suitable for outdoor use.
- Comes complete with four fitted mounting brackets.
